

# *CO2 Footprint: Now and Future*

JACK BABU

## *NOW: 11.7 T/Year*

*Food and Shelter  
(self)  
5.29 tons CO2/year  
1 Vehicles  
1.44 tons CO2/year  
Air Travel  
0.4 tons CO2/year*

## *FUTURE: 37.38 T/Year*

*Food and Shelter  
(fam of 7)  
5.29 tons CO2/year  
4 Vehicles  
1.44 tons CO2/year  
Air Travel  
0.4 tons CO2/year*

*Given infinite money and infinite space, I am going to get anything I want. Of course, my life will never actually look like this, but the point is that those who have effectively infinite money as far as things like cars and flights go would, and do, have this kind of life- in fact, 4 cars is quite modest.*
