

# KELLIE'S CARBON FOOTPRINT

## CPSG101 CARBON FOOTPRINT INFOGRAPHIC

### Present

#### Household & Food

Currently I live in a dorm, so I have very little control over my household footprint. I have the diet of the average omnivore.

#### Transportation

I primarily walk everywhere, though when I do drive it is not an electric vehicle.

#### Travel

In the average year, I do not fly anywhere

### Future

#### Household & Food

I will have a family of four living in a single family home, with the diet of the average omnivore.

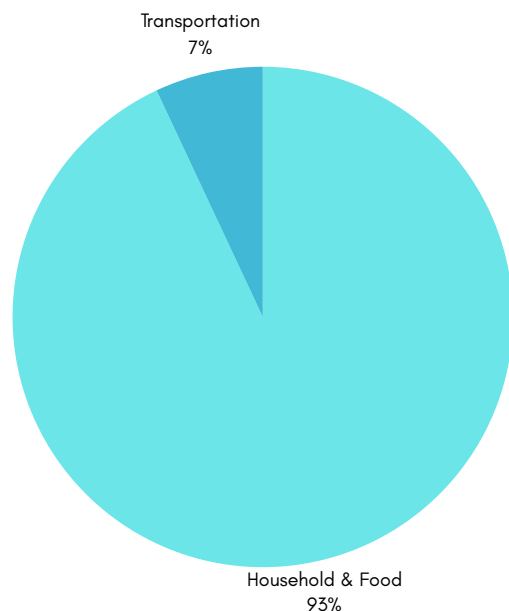

#### Transportation

I will primarily travel by one electric vehicle, with an average of 11000 miles per year.

#### Travel

In the average year, I will fly around 5000 miles.

**Footprint: 9.35 tons**

**Footprint: 22.04 tons**
