

Homework revision policy

If you would like to re-do your HW, turn it in by the day of the first class following the one where we discuss the original.

-name the revised pdf Familyname_HWn rev where n is the HW number.

-for each substantial change (i.e., more than correcting typos) give a few sentences indicating what you now know or understand that you didn't before.

-highlight whatever portions are new or significantly changed.

We will then grade the revised one, and replace the original grade with the new grade.
