# Homework 7 Filters

### HW31:

Find the transfer function H(s) = Vo/Vs for the circuit below. Describe the filter characteristics.

HW32:

Find the transfer function H(s) = Vo/Vs for the circuit below. Describe the filter characteristics.

HW33:

Find the transfer function H(s) = Vo/Vs for the circuit below. Describe the filter characteristics.

HW34:

Find the transfer function H(s) = Vo/Vs for the circuit below. Describe the filter characteristics.

HW35:

Find the transfer function H(s) = Vo/Vs for the circuit below. Describe the filter characteristics.
