

CPSG101 CARBON FOOTPRINT

INFOGRAPHIC Laurel Sun

Uni Freshman

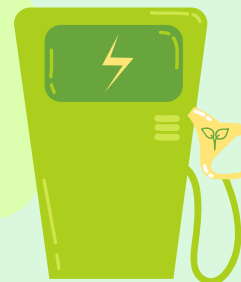

30-something (household
of 3 people)

House Energy

4.98 tons of CO₂ emitted

House Energy

4.11 tons of CO₂ emitted
per capita

Transportation

0.61 tons of CO₂ emitted

Transportation

0 tons of CO₂ emitted per
capita

Travel

0.97 tons of CO₂ emitted

Travel

0.26 tons of CO₂
emitted per capita

H₂O

Explanation for differences

A lot of emissions are reduced in a household of 3 people because a lot of resources are shared between people, reducing waste
