

CPSG101 Carbon Footprint Infographic

By : Mateo Garcia

List of family in household :

- Me
- Future partner
- Younger brother

Traits of the household :

- Consumption of mostly home prepared meals as opposed to takeout or restaurants
- Purchasing of eco friendly products and trying to live in a more ecologically conscious way (Usage of compost, recycling, repurposing)
- Relying mostly on public transportation or foot transportation for a majority travel

Reasons for difference :

Less of a reliance on cars, less travelling nationally or internationally, and utilizing mitigating techniques such as a programmable thermostat
