

# CPSG101 CARBON FOOTPRINT INFOGRAPHIC

Transportation takes up much less space as I am staying on campus for the majority of the time and when I do travel it is by public transport. Plane transport takes up a decent portion because my family travels often.

11.45 METRIC TONS OF CO<sub>2</sub>

19.71 METRIC TONS OF CO<sub>2</sub>

Transportation takes up a larger portion as I would be commuting to work. But it is still not an extremely large portion as the travel will rely on public transport. Plane travel takes up over a quarter as my job could include traveling.
